VERMONT DRUG AND ALCOHOL COALITION
&
VERMONT ASSOCIATION OF ADDICTION TREATMENT PROGRAMS

SUPPORT A TAX, NOT THE AX

Alcohol and drug programs are not adequately funded in Vermont and are in danger of significant budget cuts. A reliable source of revenue is needed to sustain the system of care.
This issue affects *all* Vermonters.

With your help, we can pass a law that increases the tax on beer to fund:

- **Prevention and intervention programs in schools and communities**
- **Law enforcement programs statewide**
- **Treatment and recovery programs for individuals and families in need**

☐ **YES, it's time for Vermont to adequately fund alcohol and drug programs through a dedicated tax on beer. We, the undersigned, support you in this effort.**
